PROFESSIONAL SUMMARY

I learned coding from scratch, with no IT background, no university, purely out of curiosity that has now turned into a hobby. The first time I successfully deployed my own website and saw how it performed, everything changed. Now I've built real products with Next.JS, JavaScript, TypeScript, and Tailwind. In building my projects, I also use AI as a tool, not a shortcut.

TECHNICAL SKILLS

Frontend: Next.js, React, JavaScript(ES6+), TypeScript, HTML5, CSS3

Styling & UI: Tailwind CSS, Framer Motion, Neumorphic UI, Responsive Web Design

Backend & Database: Supabase, Firebase, REST API Integration, Anthropic Claude API

Mobile: Flutter (UI), Dart, Expo (React Native) - in progress

Tools: Git & GitHub, VS Code, npm, Figma, Vercel
